PROJECT AND TRAINING

VIRTUAL MEDICO (Project):

The Virtual Medico project aims to provide a comprehensive platform for remote medical consultations. Users can seek guidance from medical professionals, who will diagnose their conditions and recommend appropriate treatments. Our website features an intelligent virtual doctor, enhancing the validation process for prescribed medications and diagnoses made by primary care physicians. This ensures a reliable and accessible channel for users to directly engage with healthcare professionals.

TRAINING:

- Employability Training from SPS Training Academy, Chennai (2022)
- Youth Employment Program from TCS (2023)
